

# MARIANA

## WHITE WINE | 2020

**REGION:** VIDIGUEIRA | ALENTEJO

**PRODUCER:** HERDADE DO ROCIM

**VITICULTURE:** CATARINA VIEIRA | AMÂNDIO CRUZ

**WINEMAKING:** CATARINA VIEIRA | PEDRO RIBEIROBEIRO

**CLIMATE** › Typically mediterranean and set in the sub-region of Vidigueira, where the climatic conditions are the most temperate of Alentejo and provide an excellent microclimate for the production of quality wines.

**SOIL** › Poor land, predominantly of granite and schist. Great pedological potential for the cultivation of vines and for obtaining excellent wines.

**VARIETIES** › Antão Vaz, Arinto and Alvarinho

The varieties Antão Vaz, Arinto and Alvarinho are trellised in the vertical shoot position, in a plot that is slightly exposed to the east, with an east/west orientation.

### ANALYTIC PARAMETERS

Alcohol Content › 12,5%

Total Acidity › 6,100 g/dm<sup>3</sup>

Volatile Acidity › 0,25 g/dm<sup>3</sup>

Residual Sugars › 3,7 g/dm<sup>3</sup>

pH › 3,28

**VINIFICATION** › Manual harvest in 12 kg boxes. After a selection on a vibrating sorting table, the grapes underwent cold maceration. Fermentation took place in small capacity stainless steel tanks, at a temperature of 16°C, for 21 days.

**AGING** › Five months in stainless steel tanks and two months in the bottle.

**TASTING NOTES** Citrine green in colour. Rich in fruit with exuberant tropical notes. Freshness, minerality and a good volume in the mouth with a balanced acidity.

Contém Sulfitos | Contains Sulfites | Contient Sulfites | Enthält Sulfite
